---

# Current SWB Design Basis

- WTS Drawings 165-F-001-W1 through 165-F-001-W4, Revision P
- WTS Specification E-I-343, Revision 6

---

---

---

---

---

---

---

---

# SWB Enhancements

- Drawings**
  - Refined tolerances for non-critical dimensions
  - Included plastic plug in lid lift nut
  - Included fabrication option for 2 or 4 piece construction
    - Based on Original Test Drawings
  - Updated Marking to comply with DOT requirements

---

---

---

---

---

---

---

---

## SWB Enhancements (cont.)

### ■ Specification

- Incorporated NQA-1 Requirements
- Exported User Requirements to a user manual
- Expanded QA Requirements for Storage, Shipping, Documentation Requirements

### ■ SWB Handling and Operation Manual

- Developed using TDOP Manual as template
- Includes all User requirements from Specification
